

“If you are READY to have the life you always dreamed about... then read this NOW!” David Kendall -- Professional Magician, Entertainer, & Intelligent Warrior

Dear Name... Here's How YOU Can...

“Unleash Your Hidden Powers to Create The Success, Love, & Income You've Always Wanted Automatically & Effortlessly Using The Intelligent Warrior Subliminal Video System.”

In Less Than 10 Minutes from Now You Can Begin Your Discovery of The Personal Power *You Were Destined* to Create & Fulfill In Your Life!

‘An Unspoken Truth About Your Mind That Most People Pay No Attention to: You Control Your Own Mind. That Means You Also Control Your Own Destiny. As An Intelligent Warrior You'll Immediately Set Off An Unstoppable Chain of Events To Create The Kind of Life You've Always Desired.’

Read this letter from start to finish if you want to discover how to create your own special kind of life. The way you want it to be. Or... if you're happy with the way things are, that's great!

It is true about people. Most prefer to look the other way when faced with the simple truth.

You see...

It's much easier to blame others, life, parents, the system... and who knows what else when it comes down to personal responsibility for our condition and situation.

But the sheer beauty lies in turning the coin over. What's on the other side?

You tell me!

It's your life and only you know what's important to you. Only you know what matters to you. It could be the simple things like...

Waking up in the morning and feeling rested, feeling good. You look over at the clock and you have a few minutes to spare. The morning sun is peeking through the curtains.

You hear birds merrily chirping away with their morning songs. And it looks like another bright, sunny, blue-sky kind of day.

If you're an Intelligent Warrior... you'll feel relaxed, happy, and looking forward to what the day has in store for you. Because you know you're attracting only the very best of what life has to offer! Not only do you know it...

You expect it.

Here's one thing you need to know about being an Intelligent Warrior.

It's not about the laws of attraction or anything like that. Although you will naturally become a magnet for only the positive, good things in life.

And those good things will be based on what **you** want.

The Intelligent Warrior Subliminal Message Video System combines two very powerful natural forces.

1. The latest technology using visual imagery to induce a deep relaxation state. When you're deeply relaxed you will naturally be more receptive to positive subliminal messages.
2. You! That's right... your mind is **incredibly powerful**. Science has only scratched the surface of what your mind can do. But what is known is this: There are almost no limits to what you can have if you learn how to use it. It's almost like having the

most powerful technology known to humankind but... oops!
Where's the operating manual?

In a few minutes I'll tell you exactly how you can exponentially increase your results with The Intelligent Warrior Subliminal Message Video System. But first...

I'd like to share with you an email I received from Martha Childress. She started using The Intelligent Warrior System while going through a difficult time in her life.

Pay close attention to how she words her results.

Hi David,

My Mother, whom I was extremely close, recently passed away after a long illness. During this same timeframe, I've been in the process of getting my own new business off the ground. Needless to say, it was a little hard to get pumped up with the energy/confidence/enthusiasm, I knew was necessary to promote and present my business in the best possible manner. The subliminal message videos came along at the perfect time. I've been using them for about 2 weeks, and not only have they helped launch me into a better frame of mind, I've had great luck in getting important appointments, and I've been extremely comfortable and confident in my presentations. I'm looking forward to the rewards!

With gratitude.

Martha Childress
Seattle Washington

Did you notice what she said?

"... better frame of mind... great luck... extremely comfortable and confident in my presentations."

One thing is certain...

It's NOT luck! Martha simply chose to take control in her life and do it with her mind. Her 'operating manual' was The Intelligent Warrior System.

Since you know my name, David, I'd like to share my own testimonial and experiences with this technology. That's one reason I'm trying to help so many people with this.

I know from first-hand experience the power of intelligently using my mind to craft and create the kind of life I want.

My name is David Kendall...

Perhaps some of you have heard of me. I'm a professional magician, and I've been all around the world performing magic. I love entertaining people with magic. I love seeing the delight in the eyes of children when I do my stuff.

I first learned about subliminal technology in 1995 while living 'down under' in Australia. I was fascinated and immersed myself in this subject.

And I started using subliminal tapes while performing as a professional magician. Right away I noticed my level of confidence soared while on stage performing magic. My stage presence took on new dimensions and I could literally see and feel it.

I became a believer in subliminal technology.

Fast forward to early 2000's...

I'll tell you. I had it all. I had a wonderful career, family, and life. I had everything anyone would want.

Then life seemed to implode.

I lost my wife to cancer. She fought hard for two horrible years.

The few years after that were extremely hard for me. I had two young children I had to be there for. Perhaps you know this kind of struggle or you know someone else who has gone through this.

What helped me to literally rescue my sanity?

This very system you're discovering today.

That's right! I returned to my roots, so to speak. I learned of a new system in beta testing and went to work. I figured I had nothing to lose by giving it a shot.

On the very first day I was literally blown away after watching this for only 20 minutes.

I felt like a heavy cloud was lifted off my shoulders. Ever since that first day I devote 20 minutes to watching these videos on my laptop.

I prefer to do this first thing in the morning because we're more relaxed and receptive in the morning.

Not only have I stopped feeling so terribly depressed, but I've felt genuinely happy while enjoying my life... and having great gratitude for all of it.

I've made radical changes in my business and watched my income skyrocket in just a few short months. Also...

I've been eating healthier, doing yoga, having more fun with my children, other people, and relationships. And the best part of this is it's all happening effortlessly.

Read how The Intelligent Warrior System helped Tim Unruh in his relationship...

Hi Dave:

I have noticed since viewing the subliminal tapes, my girlfriend and I of nine years, have decided to be married in Kauai on Valentine's day. We are inviting our family members. This is quite a **major breakthrough** for myself as well as my wife to be.

Perhaps the photos are influencing my behaviour because I did have a dream about moving to Hawaii.

Even the reflection of my awareness is manifesting through the subconscious mind of my partner. **Pretty powerful stuff going on here!**

Thanks,

Tim Unruh

And here's how Rob Wilton improved communications in his life.

Hi David

Wow! You certainly have created an amazing life for your Self. After all the things you have sent me over the years, I have ever acted on any. **The Warrior Series, for some reason, completely resonated with me,** resulting in a resounding-YES!

They are incredible and I have noticed that I am becoming more cause rather than effect in my life. Other abilities, like **being able to communicate freely** to people are developing. I have tried MANY subliminal programs (sic) and none have ever worked. **I am not sure why these are different but they definitely are.** Thank-you for turning me onto these.

Sincerely,

Rob Wilton

Here's Everything You're Getting in The Intelligent Warrior Subliminal Message Video System

***8 Immensely Powerful Videos You'll Use to Usher Profound Changes Into
Your Life Starting... Today.***

Intelligent Warrior Video 1 -- The Beginning

This is where it all begins. In this introductory video you'll lay the foundation to take your life in any direction you desire. Many people almost instantly feel a groundswell of power in this video. And it's exciting because that's the power residing in YOU!

Each day as you watch this video, you'll begin to truly believe... maybe for the first time in your life how you can...

Earn more money, be more loving, possess undeniable self confidence, have greater success attracting romantic interests, and succeed in any business or your chosen work.

And that's **JUST** the beginning... no pun intended.

The Intelligent Warrior Video 2 -- Superior Techniques

You'll focus on allowing your natural power centers to be expressed in everything you do. One of the primary effects will be the natural confidence you were meant to have.

Have you ever noticed how supremely confident children are? They just don't have a care or worry about what others think. They just DO and naturally expect everything to be fine.

Of course you'll do what you know is right for every situation. But it's that kind of natural confidence you'll "allow" your self to feel and express.

And you'll feel and believe that nothing... truly nothing can stop you!

The Intelligent Warrior Video 3 -- Achieve Your Social Potential

Everything in The Intelligent Warrior System builds on itself. And that means so will you!

That unstoppable confidence you're feeling allows you to enjoy your life. You'll feel and know it's completely ok to have fun, laugh, play, and share real love and affection with others.

And you know what?

It's contagious!

People around you will not be able to **NOT** notice you! And they'll be drawn to you because they'll want to be around you.

The Intelligent Warrior Video 4 -- Aggressive Manifestation

Don't let that word scare you! Aggressive.

It simply refers to having a laser focus to create your desired result. But if you're the really go-get-em kind of person... well, just take it easy on the rest of us!

Manifesting your own destiny = Creating your own destiny.

You'll have the unbeatable confidence, belief, and newly awakened power to begin creating your own destiny.

Intelligent Warrior Video 5 -- Unstoppable Confidence

We're trying to ease you into realizing your own potential. Too much of anything, too fast, can sometimes be overwhelming.

You began to awaken your natural power centers in Video 2.

Now... you'll experience professionally mixed video at 30 FPS, or frames per second, combined with audio to virtually explode your self-confidence.

Great care has been engineered into these subliminal messages to cover a range of behaviors. All designed to help you be transformed, believe, and express supreme confidence every day of your life.

Get ready!

Intelligent Warrior Videos 6/7 -- Social Mastery For Men & Women. (Separate video for each gender.)

Social Mastery is the hardest of all the skills to develop. And most people just won't ever have the confidence to do it.

The POWER you'll awaken and experience here is an "intangible" that so many books have talked about. But they leave you hanging because you read about it, and then it's up to you to figure out how to make it your own.

That's what makes The Intelligent Warrior System SO powerful!

You'll naturally and effortlessly achieve Social Mastery to be used as you see fit.

Intelligent Warrior Video 7 -- How To Manifest Anything You Desire in The Shortest Amount of Time.

Now THAT'S quite a bold statement!

Sure it is but you've been laying your foundation to prepare for it. You'll bring everything together in preparation to take the world by storm.

You'll believe, and demonstrate, a "no-limit" attitude as you move toward your own personal vision each day.

Obstacles and competition will mean nothing to you because you'll KNOW you're able to go through them, or around them.

Your daily 20-minute focused relaxation periods will energize, build, reinforce, and strengthen your natural power centers until they're fully awakened and working to give YOU anything you desire.

Before telling you everything else you'll be getting with The Intelligent Warrior System...

I feel it's important to share some closing thoughts with you.

The Skyrocketing Cost of Doing Nothing & What That Will Mean in Your Life

Sounds a bit odd, doesn't it?

The skyrocketing cost of doing nothing...

Don't be fooled by it. There's nothing odd about it. And unfortunately it's a stone-cold reality with most people. It's simply like this:

Most people tend to point the finger and blame external events for the way their lives are. It's all too easy and very convenient. And it is a very effective way to "ease the pain."

But that's a farce!

It's an illusion!

It's self-medication of the most vicious variety!

It's an illusion because the only thing it accomplishes is **NOTHING**. That's right... a big, lousy, nothing.

You're smart.

You know when you do nothing, then you get nothing. Nothing happens. And the great, sad illusion is the greater pain only continues like a runaway freight train bound for nowhere.

The greater pain of living with the VERY things people don't want. It does not matter what those things are... but take a look around you. Take a look at people you know. Take a look at your own self.

That's exactly why I personally chose to take control in my own life. I was in living hell after cancer took my loving wife away. But in one respect it was a very simple choice.

I could either watch my life go down the drain or DO something about it. I chose life. I chose to re-claim my life. Take it back!

And I used the Intelligent Warrior System to do that. I use it every single day of my wonderful life.

My friend...

Several things I learned as I watched my wife being taken from me...

Life is short.

Life can change forever in an instant.

I'm only asking you to take one small step today. Tomorrow's another day and you'll take one more. Then you'll know what I've been talking about here.

You're not simply ordering another product hoping it will work. Today you will be investing in your new and profoundly better future. Your life will never be the same again when you become an Intelligent Warrior.

Your one-time investment in your self is only \$198. **But I've decided to make changing your life as PAINLESS as possible!** Here's what I'm gonna do for you.

I understand things are tough for everyone especially with ever-increasing energy costs, etc.

You do NOT have to pay me anything to get started today. Right now! When you order The Intelligent Warrior System you will not be billed until a full 30 days from your date of order!

And it gets even better...

If you want you can elect to pay the full amount today, or you can pay in 4 easy installments of \$49.50. But remember! Your first payment will be 30 days from your date of order. Your second payment will be 30 days later, and so on.

And... take **ONE FULL YEAR** to test-drive The Intelligent Warrior Video Series! I'll explain more about that in a few minutes.

My friend, it does not get ANY easier than that.

Think about it. You will begin changing your life today and it's totally on MY dime. So you see, I'm assuming all the risk only because I know the awesome power of The Intelligent Warrior System.

Quite frankly, it's a reflection of my confidence in The System and You!

And I'll be up-front about something... if you think about it you'll see exactly what I mean.

What is the **staggering cost** of doing nothing?

Living with the issues only YOU know you would love to change in an instant. Doing nothing about those issues guarantees they'll remain right by your side as you live your life.

And from time to time you'll only wonder how much your life could have been different if only you had invested **in your life**.

Here's a great comment from Darcy Rona. I think you'll agree that Darcy experienced great results from using The Intelligent Warrior System.

But let Darcy tell you about it...

I have noticed **significant changes in my life** from using the subliminal videos. I landed a spot in one of the top agencies in Toronto for film and television. I am **definitely better off financially**, and I'm working towards building on that.

I'm much better at saving and managing my expenses. I've become a pretty cocky guy. I work in a restaurant with a lot of tough personalities and you have to be very strong. I'm **much more fearless** in telling people off when I know they're in the wrong - I don't let people get away with disrespecting me. I'm **much more relaxed** and at ease around people I want to be friends with at work and in general.

I'm a very intense person. This program multiplied that by about 10. Even the way I walk down the street changed. I walk with **incredible confidence** and conviction. **Overall I'm thrilled by the unusual power of this technology.** I was far more excited about this than other self-development tools because I really believe in the power of hypnosis and it happens automatically - and isn't based on the willful effort of some outdated exercises one would typically find in a book.

I'm truly grateful for what this product has done for me in a span of merely 2 months.

Thank you so much for your time and consideration.

Best Always,

Darcy Rona

When You Get Your Intelligent Warrior Subliminal Video System You'll Receive A Free Audio CD & Discover Insider Tips, Secrets, & Hard-Hitting Advice From Some of The Most Successful People on The Planet.

Years ago when I first started on the path to success and manifesting a life on my own terms, the single most important thing I did was to

find, meet and learn from people who were already enjoying the kind of success I wanted.

Yes, I was committed and worked very hard. But my biggest and best lessons came from learning and observing people who were "true wizards."

What's a true wizard?

Someone who has worked MAGIC in their lives. Someone who has achieved stunning success and lives their life on their own terms.

Exactly the way I want to live mine! And perhaps it's the way you want to live yours.

I wanted to discover exactly what they did that brought them so much more enlightened success. I believed if these true wizards can do it, then so could I. If I knew the secrets. And it turns out I was right!

Learning from other people is vitally important.

I can't tell you how many YEARS of time and effort this shortened my learning curve. And truthfully? I'm not sure if I EVER would have achieved real success without taking this vital step.

You'll learn from success superstars such as...

Laurie Nadel - Author of the bestseller "Sixth Sense".

Dan Lok - World-renowned copywriter and entrepreneur. Dan has authored half a dozen books on business and marketing. Co-authored (with Tony Robbins and Wayne Dyer) the up-coming best-seller, "Wake Up... Live The Life You Love".

Steve Chandler - Author of "Reinventing Yourself" and "Ultimate Time Management".

John Harricharan - Speaker and author of "Power Pause" and "When You Can Walk On Water Take The Boat".

You'll also enjoy other successful entrepreneurs, health experts, and fitness gurus.

Remember earlier I told you how you can exponentially increase the already powerful results by using The Intelligent Warrior System?

It's simple... yet extremely powerful.

Desire and Action.

That's right! And don't feel disappointed because it's "only" desire and action.

You may be astounded at how few people really take positive action to make positive changes in their lives.

Having a burning desire to change your life and simply taking action to move toward those changes is like adding nitro to The Intelligent Warrior System.

Your results will appear much faster. And you will simply GET results. Here's the important thing about your mind...

You really cannot be forced to believe in something you don't WANT to believe in. And anything anyone says to you won't change that. Unless of course some extremely serious mind-control techniques come into play.

But we're not talking about mind-control, here!

So simply having the desire to make changes and the belief that you will make them is extremely powerful. Add The Intelligent Warrior System to that equation and NOTHING will stop you!

Here's just one more great testimonial from one of the many happy and successful users of The Intelligent Warrior System:

9/18/2007

"I have understood for a long time that the unconscious mind has the power to make things happen in life without the conscious mind always understanding.

The problem has always been how to access it and program it to achieve the results that I wanted. Through watching a simple video everyday I have been able to access my unconscious and am experiencing significant success in all areas of my life, including financial. This is one of the few products of this type that I use and can honestly endorse."
